connection end (3) and has a largest diameter at the connection end (3).--

--5. (amended) An outlet portion according to claim 1, which is made of a flexible material.--

--6. (amended) A nasal rinser, **characterised in** that it comprises an outlet portion (1) according to claim 1 and a receptacle for rinsing liquid connected to the outlet portion (1), whereby the receptacle is maneuverable for emptying the rinsing liquid out through the outlet portion (1).--

REMARKS

Claims 4-6 have been amended to eliminate multiple dependencies.

The changes in the claims merely place this national phase application in into the same condition as it was during Chapter I of the International Phase.

Entry of the above amendments is earnestly solicited. An early and favorable first action on the merits is earnestly requested.

Should there be any matters that need to be resolved in the present application, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

Docket No. 1506-1002

Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The attached page is captioned "VERSION WITH MARKINGS TO SHOW CHANGES MADE."

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
